Fall 2011

December 2011

Dear Friend of Furry Friends,

I'm writing to ask for your support of Furry Friends in our mission to rescue homeless cats in Clark County that would otherwise be euthanized. Now in its 12th year, Furry Friends is the primary no-kill organization in Clark County for homeless cats that have been relinquished due to their owners' illness, death or financial difficulties. Every cat we foster is spayed or neutered, micro-chipped, and vaccinated before they are adopted out.

2011 was a very successful year for Furry Friends. In the first 9 months we adopted out 152 cats to forever homes; spayed/neutered 157 pets, primarily cats; held adoption events; and continued our senior visit/pet therapy program in retirement homes. We also initiated a prison outreach program where interested inmates are given the opportunity to foster our cats. Our annual auction was a huge success, and we look forward to expanding it this coming year to a more public venue. However, we still need your financial support. Please help us continue our mission by placing your donation in the enclosed envelope.

Thank you for the opportunity to enlist your support for Furry Friends. We look forward to a mutually beneficial, long-term relationship.

Sincerely,

David A. Cox, President
Furry Friends Executive Committee

The most wonderful thing happened to me! No, not quite getting to my forever home, but closer! Some nice person donated \$40 just for ME.

Now my adoption fee is only \$40. Aren't you people wonderful? Thank you so very much!

New Project for our Cats

Furry Friends and Larch Corrections Center have entered into an agreement to start a program where inmates will work with Furry Friends' cats to make them more suitable for adoption. The offenders must fill out an application and be screened as they will be constant companions to the cats. They will also be taught proper grooming, feeding, and clean up with behavior basics being taught along the way. The inmates will be building an out side enclosure large enough to allow cats to run, climb, and lay in the shade or grass; with a bench for the handler to sit comfortably. The cats will be controlled via harnesses and leashes or be in a cat carrier at all times and housed in designated two-man rooms - and given a bed, toys, litter box, food and water. The offenders will have the first choice of adoption of these cats and encourage family participation.

If you are interested in becoming a part of this program, please let us know by leaving a message via email or phone 360.993.1097.

VOLUNTEERS NEEDED

Furry Friends is looking for reliable volunteers of all ages to help carry out our mission to rescue homeless cats. The activities include phone work, adoption events, fostering kittens, and pet therapy/senior visits. These opportunities are perfect for individuals or families who want to make a difference in their community. If you are interested in volunteering, please call us at 360-993-1097 or download a volunteer application from our website at furryfriendswa.org.

Furry Friends Volunteers: Save the date and time of February 7, 2012 at 5:30 PM for our annual Volunteer Appreciation Party! More details to follow later.

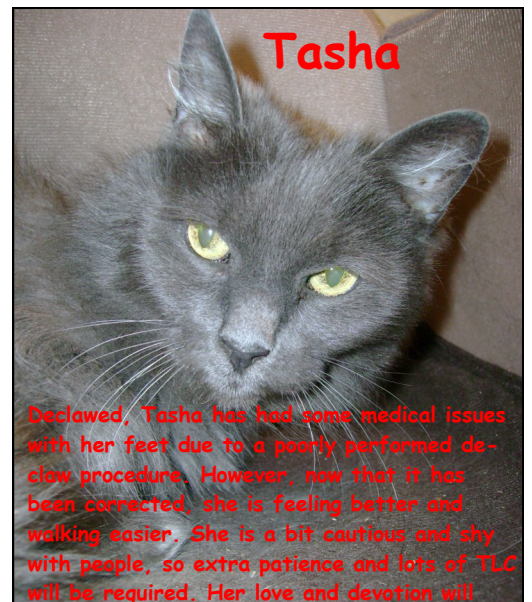

Angel

Angel is an affectionate, charming playful girl. She is most comfortable and most happy as the only child. She will stand on her head for you and show off her climbing abilities as she scales cat trees. She can get over stimulated and does not like fast moving, noisy children or dogs. She has a food allergy and will need to be on a grain free diet. She is very healthy and her gorgeous shiny coat reflects that vitality.

Teeny

Teeny is an older girl who needs a quiet home. She lost hers when her owner went into hospice care. She has god years to go with no more than two other cats around her.

Tasha

Declawed, Tasha has had some medical issues with her feet due to a poorly performed declaw procedure. However, now that it has been corrected, she is feeling better and walking easier. She is a bit cautious and shy with people, so extra patience and lots of TLC will be required. Her love and devotion will make it all worth it. She loves edible cat treats!

Furry Friends was awarded three spay/neuter grants this year from Clark County Animal Control, the Petco Foundation and the Handsel Foundation. These grants are allowing us to spay/neuter approximately 100 cats more than we have been able to do in the past, thus reducing the overall population in Clark County.
