

Dear Supporters of Furry Friends,

At Furry Friends, the health and safety of our volunteers and those we serve is our highest priority. As the COVID-19 situation unfolds, we are closely monitoring the situation here in our community and are making the best decisions we can with the information we have. We have always been in the business of caring for animals, their pet parents, our volunteers, and our commitment to making our decisions in their best interest remains our top priority.

Currently, we are instructing our volunteers to follow all CDC guidelines regarding social distancing, frequent hand washing and use of 60% or higher alcohol-based sanitizer. We are frequently cleaning our facilities using disinfectant. We are also insisting that anyone who is feeling ill or believes they have been exposed to COVID-19 stay home, call their doctor and take good care of themselves.

Events happening in April have been cancelled due to the strong recommendation of local officials that no one host or attend large gatherings. Our auction event on September 19th is currently still scheduled to go on as planned, however, we will continue to follow local health department recommendations or any official decisions that include banning large events. We will keep you informed about this event.

You can stay updated on all things pertaining to Furry Friends by visiting our Facebook Page or receiving our monthly newsletter. You can contact us at news@furryfriendswa.org to sign up for the e-newsletter. Thank you for your trust in and support of Furry Friends. We are making decisions on behalf of many animals and people and we do not take these decisions lightly.

Sincerely,
Jaimie Garver, President
